Gloria had actually indicated to me that she will be preparing the responses since all three questions are related to Curt's original request for information for the McKesson-Grisham lawsuit.

I'll check with her on the status and include you and John on cc.

Stephen,
I saw the e-mails from Mark Ford. I guess will still need to provide a respond to the FOIA question(s) to close out the FOIA request. We should prepare short responses to his questions.
I believe there are three FOIA with questions. This is one of them, I will forward the others. CAS

The Region 6 Superfund Division has been assigned FOIA request # EPA-R6-2015-008325, for information pertaining to Arkwood, Incorporated (ARD084930148), located in Omaha, Arkansas.

The requester is specifically seeking information the U.S. Environmental Protection Agency Region 6 Superfund Division may have regarding the following:

- *On October 28, 2013 U.S. Congressman Steve Womack's Projects Director Kyle Weaver wrote to me (please see attached):*
- *"Congressman Womack's office noted to the EPA that this is an ongoing issue despite nearly 25 years working on it. Our office was assured that EPA is making an effort to expedite clean-up to reach the point of deletion from the*

NPL. Their response to our inquiry specifically said, 'This site is one of the earliest sites nationwide going through dioxin re-evaluation. EPA will work closely with the landowner, McKesson Corporation, and ADEQ to expedite the cleanup process.'"

- *Can EPA confirm that the above assessment was an accurate characterization of EPA's intent with regard to Arkwood at the time of Mr. Weaver's writing? If so, has that intent changed since the time of Mr. Weaver's writing? Could EPA please reiterate and update its current position with regard to Mr. Weaver's questions and concerns contained in the full text of the Congressional inquiry and with reference to EPA responses from Ms. Thomas, as attached hereto?*

You have received this email because you have been identified on the Site Responsibilities List in SEMS. **If this request does not pertain to your branch, please consider this email for information purposes only.**

Due to the nature of this request, Toeroek did not perform our standard research; although, our research is ongoing. The requester has provided a \$25 fee commitment and the *Fee Category* for this requester is *Other*. This *Single-Division* request is due on July 24, 2015. If you have any questions regarding the research, please let me know.

When replying to emails with your response, please reply to all. Thank you.
